

## Journeying Together

**Life,  
on a journey.**

**Every once in a while.  
We take time,  
We stop**

**.  
When we stop.  
We take time to focus,  
Focus on our steps.  
Steps we have already made,  
Steps being made in the moment,  
And steps we will continue to make.  
One at a time we step.**

**We continue.  
To walk,  
To journey,  
To leave an impression.  
We continue to impact the world.  
With every person we meet,  
We leave a print.  
A print that creates  
an impression upon another,  
Another plant,  
Another Animal,  
Another living soul.**

**Just as we leave our print,  
We also receive the print from another.  
One by One we give,  
One by one we receive.  
One by one  
We are able to change the world.**
